

Late arrival procedure

The Department of Mines, Industry Regulation and Safety (DMIRS) publishes a guide to the CPD program which includes a section on late arrival. In compliance with these guidelines you have not met the requirements to be eligible for CPD points for this course.

Please review the options below and advise the trainer, or a REIWA Training team member, which option you will be selecting.

- Please note that CPD points will only be awarded when the full session, or online course, is completed.
- DMIRS do not offer an option to award pro-rata CPD points for time attended.
- Distance Learning is only an option for mandatory CPD for persons residing more than 100km from a training venue. You must contact DMIRS to access this course.
